**What is Classic Bedroom Door?**

Classic Bedroom Door is made of high density fiberboard (HDF), compressed/ chip board using saw dust. It is engineered wood and light weight. It is very stable and won't warp like natural wood. It has moulded wood grain design that resembles timber door. Our Classic Bedroom Doors have better water resistant component compared to others in the market.

The 2 faces of the door surface which are made of engineered wood makes it easy to paint.
